STATEMENT

Dear customers,

Thank you very much for choosing SIMCOM modules and your long time support.

PCB Version 1245

We confirm that, the similar PCB version 1245 will be used for the production of SIM900 and SIM900R in the next 2 years in order to strength the solderability of SIM900/SIM900R module, and to improve the efficiency of the SIM900/SIM900R PCB production as well.

We will inform you one month in advance if there is any change of the PCB.

Sincerely yours,

Qianhuai Deng

Product Manager
